Our weekly meetings are designed to encourage spiritual growth in our relationship with Jesus Christ through the study of God's Word. This will include a teaching time, Bible memorization, small group discussion and prayer.

Our purpose is to equip women in God's Word to live "sensibly, righteously and godly in the present age."

The cost of the study is \$10 to cover the study guide and materials.

A study guide and materials will be available in October at the front desk.
